Commissioner for Patents

Applicant's response and arguments filed on 01/30/2008 are acknowledged. However, the reply filed on 01/30/2008 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant failed to indicate how the amendments made to claim 1 correspond to the elected species for the antibody VH and VL region of the restriction requirement mailed 08/16/2007. It appears that the amended claim 1 is directed to an invention that is independent or distinct from the invention originally elected for the following reasons: claim 1 of the originally elected species for an antibody VH region includes SEQ ID NO:5, SEQ ID NO:6, and SEQ ID NO:7 and the elected species for the antibody VL region include SEQ ID NO:8, SEQ ID NO:9 and SEQ ID NO:10. However, the amended claim 1 (filed 01/30/2008) now recites the antibody VH region that includes SEQ ID NO:26 and the antibody VL region that includes the SEQ ID NO:27 SEQ ID NO:28, or SEQ ID NO:29. The amendments made to claim 1 are directed to a different recombinant antibody from the one originally elected species for the antibody VL and VH regions.

Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ian Dang whose telephone number is (571) 272-5014. The examiner can normally be reached on Monday-Friday from 9am to 5pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Manjunath Rao can be reached on (571) 272-0939. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
